All “SUPPORTED” international students, whose native language is NOT English, will be required to complete the ESPA TEST. Students who are offered financial support are automatically signed up to take this test. The testing schedule can be found here: http://clas.uiowa.edu/esl/espatesting-schedule. Results take a few days to process, and evaluations are often sent to the department by August 19th. More information regarding Teaching Assistant preparation in English please go Iowa’s Intensive English Program and English as a second language department. More information can be found here: ESPA & ELPT tests.

If you are NOT currently FINANCIALLY supported and want permission to be evaluated you must make a DEPARTMENTAL request by submitting a request form (see Margie).

It does not mean that we will be able to support you (since support is very limited) however in the event that a position does open in our department those students who secure a “A” or “B” grade will then be considered for future semesters and we are often asked to make recommendations to other departments for teaching assistants. (This past year our students have worked additionally in Economics, Sociology, Mathematics, Educational Measurement, and Biostatistics, etc.).

• If you pass the ELPT/ESPA you are required to take an 212:009/TAPE:5330 class called TA Preparation: Orientation Program
  o A six-hour orientation program will be required of all students who are certified at level A or B and are teaching for the first time. This orientation helps new teaching assistants understand the culture of the U.S. classroom and treats topics such as student expectations, teacher-student relationships, and understanding and answering student questions. Discussion focuses on suggestions for maximizing comprehensibility in spoken English. This course meets twice for 3 hours early in the semester. Both meetings are held in the evening.

**Email**

All University of Iowa students are required to activate their assigned uiowa.edu email address, as all official communication from university offices are now sent via email, rather than hard copy. This address usually follows the pattern firstname-lastname@uiowa.edu.

To activate the account:

• Log on to [isis.uiowa.edu](http://isis.uiowa.edu)
• Click on My Ulowa / My Email / Request Email Account
• Complete the specified steps

Students who prefer to maintain only their work or home email addresses can do so by routing the uiowa.edu email to a work or home account. To do so, follow these steps:

• Log on to [isis.uiowa.edu](http://isis.uiowa.edu)
• Click on My Ulowa / My Email / Update Email Routing Address
• Complete the specified steps

**Important Notes:**

• **If your uiowa.edu email address is routed to a different account, you will not need to change your address in ICON,** as your messages will already forward to your routed address.

• **To reduce bulk/mass email:**
  As a University of Iowa student, you may be receiving emails which are related to university activities but which do not apply directly to you or your program. To "unsubscribe" from these mass emails sent out by the university (except from university administration and UI Student Government):
  • Log on to [isis.uiowa.edu](http://isis.uiowa.edu)
  • Click on My Ulowa / My Email / Email Account Filter filter bulk mail
  • Make sure that none of the categories are checked
