

SPRING 2025 NEWSLETTER

Actuarial Science Club

Casino Night Social

Our semester kicked off with a new social event, The ActSci Casino Social! This event saw executive board members deal out Poker, Blackjack, and Roulette with complimentary chips and food, with the member with the most chips at the end winning a prize. This engaging way to combine our understanding of statistics, asset management, and fun games made Casino night one of the most attended events of the semester!

Board Members Daniel Haack and Tyler Dill deal casino games

Coaching Actuaries Presentation

The Actuarial Science Club is proud of its longstanding relationship with Coaching Actuaries, and we appreciate that CA's not only offers discount codes but hosts a presentation to help our members navigate studying for and passing their firsts exams. These events go a long way towards alleviating the stress many students feel regarding SOA and CAS exams, and provide much needed advice from industry professionals.

COACHING ACTUARIES, ACTEX, & THE INFINITE ACTUARY PARTNERSHIPS

The club was fortunate to continue its partnership with Coaching Actuaries, ACTEX, and Infinite Actuary study services. These partnerships give club members discounts on their exceptional exam prep materials and provide workshops about study tips and effectively using their materials.

Company Presentations

This semester, F&G and Principal were kind enough to visit our club and talk about topics in the Actuarial field. Topics included interview tips, the corporate recruiting process, company operations, internship and full-time programs, and more. We are always excited to learn about actuarial careers, and we hope to see both companies back for future presentations!

Iowa alum Emily Fischel, ASA presents with Principal coworker Drew Dupont

Big Grove Social

At the end of the semester, we brought club members out to Big Grove for an evening of fun, friendship, and yard games. This was the perfect opportunity not only to take a break from studying for exams, but also to get outside and enjoy the beautiful Spring Weather!

2025 Executive Board

|--------------------------|------------------|
| President | Maggie Russ |
| VP of Finance | Kael Christensen |
| VP of Media | Emily Davis |
| VP of Social Programming | Daniel Haack |
| VP of Alumni Relations | Tyler Dill |
| Underclassman Ambassador | Mia Smolinski |

Club Members Pose Outside Athene HQ

ATHENE PRO TRIP

Several weeks ago, the Actuarial Science Club was invited to tour the Athene Headquarters in Des Moines, Iowa. We heard from representatives from each Actuarial team at Athene, ate lunch, and worked on Excel problems. We would like to thank Athene for their hospitality and hope to return soon!

OTHER CLUB EVENTS

In addition to company presentations and campus visits, the club hosted many social and educational events this semester. Our highlight events included a bingo night and a career and an excel workshop!
