

Statistics and Actuarial Science Graduate Student Travel Award Policy AY 2026-2027

The Department of SaAS provides graduate students with an annual travel award of up to **\$500** to support attendance at professional conferences and scholarly meetings.

To be eligible for funding, students must meet the following requirements:

- Be presenting a paper or poster at the conference or meeting.
- Be listed as an author of the presentation and serve as the presenter.
- Obtain endorsement from their faculty advisor.
- Apply for any available **Graduate Student Senate (GSS)** travel funding prior to requesting departmental support. Information regarding GSS funding opportunities can be found at: [Graduate Student Senate Funding Information](#).

Departmental travel awards are intended to supplement other available funding sources and are subject to the availability of departmental funds.

By signing below, you are applying for the SaAS Travel Award and have agreed to the above requirements.
