General Information

- Instructor: Matt Bognar, 358 SH, 335-0799, matthew-bognar@uiowa.edu
- Office Hours: 1:30-3:00 Wednesday and Thursday, and by appointment
- ICON/Web: This course will use ICON (http://icon.uiowa.edu) and our course website (http://www.stat.uiowa.edu/~mbognar) for announcements, homework assignments, etc.

Course Objectives

- In this course we will cover the following topics (in roughly this order):
  - Data Presentation (Chapter 2)
  - Summary Statistics (Chapter 3)
  - Probability (Chapter 6)
  - Theoretical Probability Distributions (Chapter 7)
  - Sampling Distribution of the Mean (Chapter 8)
  - Confidence Intervals (Chapter 9)
  - Hypothesis Testing (Chapter 10)
  - Comparison of Two Means (Chapter 11)
  - One-Way ANOVA (Chapter 12)
  - Inference for Proportions (Chapter 14)
  - Contingency Tables (Chapter 15)
  - Correlation (Chapter 17)
  - Simple Linear Regression (Chapter 18)
  - Multiple Regression (Chapter 19)
  - Logistic Regression (Chapter 20)
  - Other topics (if time)
- We will do some work on the computer using SAS (available on most managed campus computers). There is a free online version as well; go to http://virtualdesktop.uiowa.edu.
- Supplementation to the textbook, when needed, will be provided.
- We will *not* cover all parts of each chapter listed above. Focus your readings on the material that was covered in class.

Grading

- Exams: There will be 2 midterms (20% each) and a final exam (25%). Exam dates:
  - Exam 1: Friday, February 17
  - Exam 2: Friday, March 30
  - Final Exam: TBA

Students are expected to be present for the exams at the scheduled time. It is your responsibility to make the appropriate arrangements beforehand.

- Quizzes: (25% total) A quiz will be given in lecture each Friday (except on exam days). *Make-up quizzes will not be allowed under any circumstances.* The lowest two quiz scores will be dropped. Unannounced quizzes may be given at any time.
Homework: (10% total) Homework will be due each Friday. A subset of the assigned problems will likely be graded. Late homework will not be accepted under any circumstances. The lowest two homework scores will be dropped. Homework must be stapled, defuzzed, be neatly written in pencil, and look professional (points will be deducted for failing to do so). Excessively sloppy homework will receive a score of 0. Print your name in the upper right corner of your homework before handing-in.

- Your attendance, participation, preparedness, work ethic, etc. may affect your final grade.
- This course uses the +/- grading system (i.e. grades such as A-, B+, and B will be assigned).
- Grades will approximately follow the usual 90, 80, 70, 60 breakdown. This class is not “curved”.
- Bonus points may be given at any time. The bonus points may be applied to any part of your grade.
- A list of non-free tutors can be found at http://www.stat.uiowa.edu/courses/tutors.html

The College of Liberal Arts and Sciences Policy and Procedures

- Administrative Home of the Course: The College of Liberal Arts and Sciences is the administrative home of this course and governs matters such as the add/drop deadlines, the second-grade-only option, and other related issues. Different colleges may have different policies. Questions may be addressed to 120 Schaeffer Hall, or see the CLAS Student Academic Handbook
  http://www.clas.uiowa.edu/students/handbook/

- Electronic Communication: University policy specifies that students are responsible for all official correspondences sent to their University of Iowa e-mail address (@uiowa.edu). Faculty and students should use this account for correspondences. (Operations Manual, III.15.2. Scroll down to k.11.)
  http://www.uiowa.edu/our/opmanual/iii/15.htm#152

- Accommodations for Disabilities: A student seeking academic accommodations should first register with Student Disability Services and then meet privately with the course instructor to make particular arrangements.
  http://www.uiowa.edu/~sds

- Academic Honesty: The College of Liberal Arts and Sciences expects all students to do their own work, as stated in the CLAS Code of Academic Honesty. Instructors fail any assignment that shows evidence of plagiarism or other forms of cheating, also reporting the student’s name to the College. A student reported to the College for cheating is placed on disciplinary probation; a student reported twice is suspended or expelled.
  http://clas.uiowa.edu/students/handbook/academic-fraud-honor-code

- CLAS Final Examination Policies: Final exams may be offered only during finals week. No exams of any kind are allowed during the last week of classes. Students should not ask their instructor to reschedule a final exam since the College does not permit rescheduling of a final exam once the semester has begun. Questions should be addressed to the Associate Dean for Undergraduate Programs and Curriculum.

- Making a Suggestion or a Complaint: Students with a suggestion or complaint should first visit the instructor, then the course supervisor, and then the departmental DEO. Complaints must be made within six months of the incident. See the CLAS Student Academic Handbook.
  http://www.clas.uiowa.edu/students/handbook/x/#5

- Understanding Sexual Harassment: Sexual harassment subverts the mission of the University and threatens the well-being of students, faculty, and staff. All members of the UI community have a responsibility to uphold this mission and to contribute to a safe environment that enhances learning. Incidents of sexual harassment should be reported immediately. See the UI Comprehensive Guide on Sexual Harassment for assistance, definitions, and the full University policy.
  http://www.uiowa.edu/~eod/policies/sexual-harassment-guide/index.html

- Reacting Safely to Severe Weather: In severe weather, class members should seek appropriate shelter immediately, leaving the classroom if necessary. The class will continue if possible when the event is over. For more information on Hawk Alert and the siren warning system, visit the Public Safety website,
  http://police.uiowa.edu/stay-informed/emergency-communication/
