General Information

- **Instructor:** Jerome Pansera, 219 SH, jerome-pansera@uiowa.edu, 335-0824.
- **Office Hours:** MWF 10:30–11:20 and by appointment.
- **Course Web Site:** Available through http://icon.uiowa.edu.
- **DEO:** Luke Tierney, 241 SH, luke-tierney@uiowa.edu, 335-0712.

Text

**Required:** Hogg, McKean, and Craig (2005), *Introduction to Mathematical Statistics* (6th ed.), Prentice-Hall; available at the University Book Store (in the Old Capitol Mall). Supplementation to the textbook, when needed, will be provided.

Description of Course

This course, the second in the two-semester sequence 22S:153-4, covers foundational concepts and methodologies of statistical inference: sampling, order statistics, confidence intervals, hypothesis testing, Monte-Carlo simulation, bootstrap, maximum likelihood methods, quality of estimators, optimal tests of hypotheses, normal models, nonparametric statistics, and Bayesian statistics. The tentative schedule is the following:

- From Jan. 21 to Feb. 28: We will cover parts of Chapters 5 and 6.
- Friday, Feb. 20: Midterm 1.
- From Feb. 23 to Apr. 1: We will cover parts of Chapters 6 and 7.
- Friday, Apr. 3: Midterm 2.
- From Apr. 6 to May 8: We will cover parts of Chapters 8, 9, 10, and 11.
- Wednesday, May 13: Final, at noon in classroom (30 SH), but please double-check the Final Exam Schedules (http://www.uiowa.edu/registrar/calfe.htm) a few days before the final exam for a confirmation.
Computing

Some of your homework will require the use of a computer. Sample code will be provided as needed. The free software environment R (http://www.r-project.org) will typically be used to perform calculations, create graphics, and carry out small scale simulation studies. Here are some resources that may be helpful for using R:

- An Introduction to R, by Elizabeth Slate and Elizabeth Hill: http://people.musc.edu/~slateeh/Rintro/Rintro.html,

Grading

- Exams: 70% of your total grade will be based on exams. Each in-class midterm exam will be worth 20% and the final will be worth 30%. It is very important to take the examinations at the scheduled times. Early make-up exams will be scheduled only for those who have compelling and convincing reasons; you must notify me at least one full week in advance (except for medical emergencies).

- Quizzes: 20% of your total grade will be based on quizzes. Those quizzes will be given at random times. Please note that we may have two quizzes in the same week or a week without any quiz. Absolutely no make-up will be given for missed quizzes under any circumstances, but the lowest two quizzes will be dropped from your total grade.

- Homework: The remaining 10% of your total grade will be based on homework problems. Homework will be due one week after being assigned. Since the grader will not have enough time to grade each problem, only a subset of the assigned problems will be graded. Late homework will not be accepted under any circumstances, but the lowest two homework scores will be dropped from your total grade. Homework must be neatly written (points will be deducted from failing to do so). Excessively sloppy homework will receive a score of 0. You are always welcome (and even encouraged) to discuss homework problems with me (during my office hours or by appointment) or with your colleagues. However, what you hand in must ultimately be your own work.

Midterms, final and quizzes are closed book exams with no notes of any kind. Necessary formulas are to be memorized. Plus/minus grading will be used for your total grade. Please note that the grade A+ is very rarely given in this course and only in extraordinary situations. Also, graduate students are expected to have a better performance than undergraduate students.
Extra Help

The Statistics Tutorial Lab, located in 202 CC, gives free tutorial assistance to students in 22S:2, 8, 25, and 39. In addition, several graduate students have offered to independently tutor students in various 22S: courses at mutually-arranged times and fees. Please check http://www.stat.uiowa.edu/courses/tutoring.html for tutoring details.

The College of Liberal Arts and Sciences
Policies and Procedures

Administrative Home

The College of Liberal Arts and Sciences is the administrative home of this course and governs matters such as the add/drop deadlines, the second-grade-only option, and other related issues. Different colleges may have different policies. Questions may be addressed to 120 SH or see the Academic Handbook: http://www.clas.uiowa.edu/students/academic_handbook/index.shtml

Academic Fraud

Plagiarism and any other activities when students present work that is not their own are academic fraud. Academic fraud is reported to the departmental DEO and to the Associate Dean for Academic Programs and Services who enforces the appropriate consequences. http://www.clas.uiowa.edu/students/academic_handbook/ix.shtml

Making a Suggestion or a Complaint

Students with a suggestion or complaint should first visit the instructor, then the course supervisor and the departmental DEO. Complaints must be made within six months of the incident. http://www.clas.uiowa.edu/students/academic_handbook/ix.shtml#5

Accommodations for Disabilities

A student seeking academic accommodations should register with Student Disability Services and meet privately with the course instructor to make particular arrangements. For more information, visit this site: http://www.uiowa.edu/~sds
Understanding Sexual Harassment

Sexual harassment subverts the mission of the University and threatens the well-being of students, faculty, and staff. Visit http://www.sexualharassment.uiowa.edu for definitions, assistance, and the full University policy.

Reacting Safely to Severe Weather

In severe weather, the class members should seek shelter in the innermost part of the building, if possible at the lowest level, staying clear of windows and free-standing expanses. The class will continue if possible when the event is over. (Operations Manual 16.14. i.)

- Writing Center, 110 English-Philosophy Building, 335-0188, http://www.uiowa.edu/ewritingc
- Speaking Center, 12 English-Philosophy Building, 335-0205, http://www.uiowa.edu/erhetoric/centers/speaking
- Tutor Referral Service Campus Information Center, Iowa Memorial Union, 335-3055, http://www.imu.uiowa.edu/cic/tutor_referral_service

Student Classroom Behavior

The ability to learn is lessened when students engage in inappropriate classroom behavior, distracting others; such behaviors are a violation of the Code of Student Life. When disruptive activity occurs, a University instructor has the authority to determine classroom seating patterns and to request that a student exit immediately for the remainder of the period. One-day suspensions are reported to appropriate departmental, collegiate, and Student Services personnel (Office of the Vice President for Student Services and Dean of Students).

University Examination Policies

Missed exam policy

University policy requires that students be permitted to make up examinations missed because of illness, mandatory religious obligations, certain University activities, or unavoidable circumstances. Excused absence forms are available at the Registrar web site: http://www.registrar.uiowa.edu/forms/absence.pdf
Final Examinations

An undergraduate student who has two final examinations scheduled for the same period or more than three examinations scheduled for the same day may file a request for a change of schedule before the published deadline at the Registrar’s Service Center, 17 Calvin Hall, 8-4:30 M-F, (384-4300).

*The CLAS policy statements have been summarized from the web pages of the College of Liberal Arts and Sciences.
