Sample Plan of Study for Statistics BS with LDA. Emphasis track: BIGR.

The Statistics major in the BIGR track requires students to take 4 statistics electives (courses) beyond the 10 core courses and one must be BIOS:5310. The 3 other electives could be fulfilled with STAT:4520, STAT:6560, and STAT:6220 (4 stat electives shown with a red box above).

The LDA certificate requires 21 s.h. and no more than 6 s.h. can cross-count toward the BS and the certificate. Above, the cross-count courses are chosen to be STAT:2010 and STAT:3200. The remaining courses for the 21 s.h. are shown with a blue box above.
