STAT:3120 (22S:120) PROBABILITY AND STATISTICS, Spring 2016

Section

Meeting Time MTWF 3:30-4:20p 140 SH

Instructor Saeid Amiri, 233 Schaeffer Hall, 335-2847, saeid-amiri@uiowa.edu
Office Hours Tuesday 16.30 – 17.30, Thursday 14.00-15.00 or by appointment.

Course Website.
I will post announcements, homework problems, lecture notes, and other course information in ICON http://icon.uiowa.edu.

Course Description and Objectives.
The main objective of this course is to learn Fundamental probability theory, discrete and continuous random variables and their distributions, maximum likelihood estimation, confidence intervals, tests of hypotheses, linear regression, and one-way ANOVA.

We will cover chapters 1-4. Upon completion of the course students are expected to acquire a strong foundation in the fundamentals of statistical inference

Prerequisites. MATH:1560 or MATH:1860 or equivalent.

Grading. Your semester grade will consist of the following components:
Homework 15%
Midterm Exam 1 22% (tentative)
Midterm Exam 2 22% (tentative)
Final Exam 41% TBD by the University.

Total 100% As a rough guide, A+,A= 90%–100%, B+,B= 80%–90%, C+,C= 70%–80%, D+,D= 60% – 70%.

Computer.
I will upload MS-excel for the calculations in website, you do no need any programming skills.

Exams.
All exams will be closed book. You do not need computer for exam, if you want, just Single-purpose calculators (no smart phones, etc.) can be used on exams

Attendance.
Attendance is very vital to your success in this class. Regular attendance is expected and roll will be taken on random dates. Students who are absent from class without acceptable excuse should not seek help regarding missed lectures during office hours.
In class, please refrain from talking on cell phones or texting, using laptops/tablets etc. (not for note-taking purpose), and prolonged conversation with a fellow student.

BE ON TIME!
If you must leave class early for any reason, please let me know this before class and choose a seat that will allow you to exit the room with minimum disruption.
Administrative Home. The College of Liberal Arts and Sciences is the administrative home of this course and governs matters such as the add/drop deadlines, the second-grade-only option, and other related issues. Different colleges may have different policies. Questions may be addressed to 120 Schaeffer Hall, or see the CLAS Student Academic Handbook.

Electronic Communication. University policy specifies that students are responsible for all official correspondences sent to their University of Iowa e-mail address (@uiowa.edu). Faculty and students should use this account for correspondences. (Operations Manual, III.15.2. Scroll down to k.11.)

Accommodations for Disabilities. A student seeking academic accommodations should first register with Student Disability Services and then meet privately with the course instructor to make particular arrangements. See www.uiowa.edu/~sds/ for more information.

Academic Fraud. Plagiarism and any other activities when students present work that is not their own are academic fraud. Academic fraud is a serious matter and is reported to the departmental DEO and to the Associate Dean for Undergraduate Programs and Curriculum. Instructors and DEOs decide on appropriate consequences at the departmental level while the Associate Dean enforces additional consequences at the collegiate level. See the CLAS Academic Fraud section of the Student Academic Handbook.

CLAS Final Examination Policies. Final exams may be offered only during finals week. No exams of any kind are allowed during the last week of classes. Students should not ask their instructor to reschedule a final exam since the College does not permit rescheduling of a final exam once the semester has begun. Questions should be addressed to the Associate Dean for Undergraduate Programs and Curriculum.

Making a Suggestion or a Complaint. Students with a suggestion or complaint should first visit the instructor, then the course supervisor, and then the departmental DEO. Complaints must be made within six months of the incident. See the CLAS Student Academic Handbook.

Understanding Sexual Harassment. Sexual harassment subverts the mission of the University and threatens the well-being of students, faculty, and staff. All members of the UI community have a responsibility to uphold this mission and to contribute to a safe environment that enhances learning. Incidents of sexual harassment should be reported immediately. See the UI Comprehensive Guide on Sexual Harassment for assistance, definitions, and the full University policy.

Reacting Safely to Severe Weather. In severe weather, class members should seek appropriate shelter immediately, leaving the classroom if necessary. The class will continue if possible when the event is over. For more information on Hawk Alert and the siren warning system, visit the Public Safety web site.
